

LeanOhio Boot Camp September 2019

“Lean Ohio Boot Camp: Transforming the Public Sector” is an intensive four-day program tailored to local government organizations to make their processes simpler, faster, better and less costly.

Are you always asked to do more with less?

Lean Six Sigma training is designed to:

- Show you objective ways to let go of a “sacred cow”
- Provide visibility of processes to eliminate organizational silos
- Give you tools to prevent errors in your processes
- Teach you how to eliminate waste, not people from your processes

What our Lean Six Sigma Clients Say About Us

“Our organization experienced staff turnover and a building renovation that impacted customer service. MVESC’s Lean training helped us to eliminate process steps by 86% and save \$30,000. We anticipate even more savings in the future!” - Coshocton County Job and Family Services

“MVESC helped us improve our medical billing process and reduce our lead time by 95%! This new process saves 20 hours each week and we’ve been able to redirect those hours to other critical tasks.” - Licking County Health Department
