

Muskingum County – A GREAT place to live, work, and play!

I have such great admiration, respect, and love for our community. Why? Because although we may disagree on some things - mostly the methods to get to where we want to be, we agree on the most important thing – we all want Muskingum County to be a great place to live, work and play!

Let's focus on this for a moment. If Muskingum County is to continue to be a great place to live work and play – WE, the people, must make it so. WE must believe. WE must care. WE must trust. WE must contribute. WE must sacrifice. WE must invest selflessly. WE must do all of this to achieve OUR goal for OUR community.

Lately, I've been saddened to hear too much negativity from the "I(s)" and They(s)" among us. "I" don't benefit from that program or agency's service. "I" can't afford to pay anymore taxes. "I" think the money should come from someone other than ME! "They" should cut costs and use money more wisely. "They" should go after donations or federal funds. "They" don't do anything to help ME!

Generations of Muskingum Countians have believed, cared, trusted, contributed, sacrificed, and invested selflessly for all of us to be where we are today. WE can't be successful if we continue to think about our community in terms of "I" and "They." WE must step up now to secure OUR future.

Vote YES! Good Public Health, Mental Health, and Schools are the solid foundation for a great place to live, work and play.

Corey Hamilton
Health Commissioner
Zanesville
